SINGLE FAMILY HOMES

WHY AYA?

AyA's wide range of design savvy product offerings coupled with the scale and technical sophistication of its operations make AyA the perfect choice for projects large and small.

AyA means design – literally. AyA is Japanese for design and design is both the foundation and driving vision of our business. The quality and value of our product is a function of design, as we believe that great design is not only the look, feel and style of the final product but as importantly, the design of the processes that enable it.

Our commitment to quality has made us one of the first in our industry to become third party certified by the Woodmark Quality System – the first quality management specifically designed for the wood products manufacturing industry. This certification reviews all materials and standard operating procedures and is audited yearly to ensure quality standards are being met.

AyA cabinetry is CARB 2 compliant and also quality certified by the Kitchen Cabinet Manufacturers Association (KCMA). The KCMA has also certified AyA's cabinetry as environmentally friendly under its Environmental Stewardship Program.

ABOUT AYA KITCHENS

The kitchen is today's living room - it's the heart of the home. At AyA we believe that a great kitchen starts with you.

Every AyA kitchen is designed and made just for you. Unlike other kitchen manufacturers we don't assemble from stock, we produce a unique kitchen for each and every customer. With AyA's mass customization approach, you get the best of both worlds – the personalization of a custom kitchen with the value and quality that comes from a 150,000 sq. ft. state-of-the-art production facility.

AyA is committed to staying on the cutting edge of design and providing the best customer service experience possible. A lot of things have changed since AyA opened its doors back in 2001: technology, styles, materials, new locations and much more, but the one thing that never changes is our dedication to delivering exceptional value and customer service.

By combining old world craftsmanship and attention to detail with high tech manufacturing processes AyA offers innovative, quality cabinetry at competitive, manufacturer direct prices. Discover how AyA's incomparable selection of colours, styles and accessories can help you create your ultimate living space.

CONDOS & APARTMENTS

AYA ADVANTAGE

As pioneers of mass customization, AyA's state-of-the-art cabinet manufacturing facility enables us to produce the range of product and attention to detail demanded by the finest builders and designers while offering the quality and savings that result from producing on a mass scale for customers across North America.

Our ability to tailor make each and every customer's order, combined with turnkey service, starting with superior in-house designers through to professional installation, means AyA provides an unsurpassed level of service to all of our customers.

This is the AyA Advantage.

AYA KITCHEN UPGRADES

For those looking to add a little extra personalization to their kitchen, AyA offers a variety of different options to help upgrade your space. Not to be confused with accessories or ornamentation, upgrades apply strictly to how the kitchen is built (cabinet material, doors, hardware & finishes). Below are just a few of our top choices for upgrading your kitchen.

DRAWER SELECTIONS

AyA customers have a choice of three upgrade options when it comes to drawers: white 520mm full extension double-walled, wood or solid birch dovetail. For a contemporary European look, our double-wall slim drawer system has a soft close mechanism and full extension rollers that allow total interior access. Wood and dovetail drawers run on state-of-the-art European anti-slam slides for operational excellence with the elegance of wood.

FULL-EXTENSION DOUBLE-WALL DRAWER

WOOD DRAWER

WOOD DOVETAIL DRAWER

HIGH QUALITY COMPONENTS ARE STANDARD

Since the cabinetry makes the kitchen, AyA raises the bar by utilizing only high quality components.

FRAMELESS CONSTRUCTION

AyA cabinets maximize interior storage and easy access with frameless, modular construction. Interior melamine gables and shelves are stain and moisture-resistant and never require refinishing.

EUROPEAN HINGES

Clip on, concealed European hinges with 110° opening and six way adjustment allow for easy removal of doors for virtually effortless interior cleaning or shelf adjustment.

SOFT CLOSE DRAWERS AND HINGES

AyA's standard drawers are German manufactured, 470mm full extension white double wall, soft close drawers. AyA's standard hinges are also soft close and are also manufactured in Germany.

FURNITURE FINISHES

A broad range of low luster, environmentally friendly water based finishes, all with AyA's exclusive stains and paints. This ensures non-fading, hard wearing cabinet doors for the long term.

FLUID COLOUR - INSIDE & OUT

All AyA cabinets with finished ends match the material and finish of the doors. In addition, interior cabinet edges are colour-coordinated to doors for a seamless look.

A LEG UP

Behind the traditional toe kick gracing the bottom of AyA's cabinets are engineered, adjustable legs. Wood components are raised above floor level, minimizing potential water damage to cabinetry.

THIRD PARTY CERTIFIED

AyA's standard cabinetry is environmentally friendly certified by the KCMA Environmental Stewardship Program. AyA's quality is third party certified by the Woodmark Quality System.

PLYWOOD CONSTRUCTION

Along with particle board, AyA offers plywood construction which has significant advantages in kitchen cabinetry, particularly in durability and performance. Plywood provides superior strength and stability compared to particleboard. This layered composition resists warping, cracking, and moisture damage, an important benefit in kitchens where humidity and temperature fluctuations are common. Plywood also holds screws and hardware more securely, contributing to longer-lasting cabinet assembly and door alignment. Its structural integrity supports heavier countertops and storage loads without sagging over time. For homeowners seeking longevity and value, plywood construction is a dependable and high-quality foundation for kitchen cabinetry.

GREEN DESIGN

GREEN DESIGN

AyA's commitment to sustainability is exemplified in AyA's Green Design initiative. AyA Kitchens is continually striving to surpass environmental and health standards and help their customers create healthier environments, from CARB2 compliant cabinetry to water based finishes to ensure healthy homes to upcycling material and solar power for a better environment.

For more info on all of our green design initiatives, please visit: AyAkitchens.com.

AyA Kitchens is elevating customized cabinetry, our latest evolution with AyA+ creates endless possibilities. AyA+ incorporates all of the incredible range of products and styles offered by AyA+ the opportunity to further customize: AyA+ custom paint colours, AyA+ custom cabinet sizes, AyA+ walnut, rift cut white oak, AyA+ next level interiors and drawers, AyA+ your imagination. With AyA+ the possibilities are truly limitless..

MODERN PROFILES

AVANTE DRAWERS & ROLL-OUTS

Engineered for seamless performance, the AyA+ Avante drawer system features ultra-smooth, full-extension runners paired with a whisper-quiet, soft-close mechanism. Boasting a sleek, square-profile design, Avante is available in a sophisticated white or deep anthracite finish. Elevate your design with integrated LED interior lighting and a curated selection of premium organizational inserts designed to bring bespoke order to kitchens, bathrooms, and closets.

EXCLUSIVE DOORS

AyA'S NEW CONTEMPORARY NARROW RAIL DOORS IN WALNUT & WHITE OAK PLUS NEW HONED SHAKER DOOR

AyA's New Contemporary doors collection has been expanded in AyA Plus. AyA's popular narrow rail shaker doors are now available in Walnut and rift-cut white oak only in AyA Plus. AyA's New Contemporary collection fits neatly between AyA's Urban and Transitional collections. Refined rails create a visual focal point with understated elegance and now with higher end materials. A New 5 piece shaker door hand finished with soft honed edges is now available in Walnut and White Oak in AyA Plus.

FRESH INTERIORS

LINEN PRINT OR ANTHRACITE CABINET INTERIORS

AyA continues to elevate industry standards by offering fresh and different options. AyA Plus cabinet interiors are available in a linen print finish and anthracite. Add a touch of contemporary luxury to the interior of your cabinets with the warm look of linen or anthracite.

CUSTOM COLOURS

PAINT COLOURS

Design your kitchen with your very own personalized colour. AyA Plus will open the full colour spectrum and allow customers to create any custom paint colour. Fine tune a colour to the perfect tint, tone and shade just as you desire.

ALL CABINET SIZES

CUSTOM CABINET SIZES

AyA's state-of-the-art cabinet manufacturing facility enables us to produce a broad range of product and attention to detail. AyA Plus takes it a step further by offering custom cabinet sizes. A fully custom kitchen, bathroom or closet space will have a more tailored and refined aesthetic without any compromises or limitations.

CLEAN DETAIL

LIGHTING & CUSTOM DETAILS

Integrated LED lighting enhances every room with a warm, sophisticated ambiance while showcasing the beauty of your cabinetry. With AyA+, every detail is thoughtfully illuminated, creating a personalized space where craftsmanship, design, and functionality take centre stage. Integrated closet rod lighting adds a refined touch elevating your boutique closet.

KITCHEN ORGANIZATION

There are many accessories you can add to your kitchen to not only make your dream space visually appealing, but also a functional work space making life in the kitchen much simpler and less cluttered. Whether there is one chef or many in the household, organizing your recipes, pots and pans as well as ingredients helps to create a clean space that is easy for all users to navigate and enjoy.

LIFT-UPS

Upper cabinets that open up opposed to out are aesthetically pleasing as well as practical. Lift-ups allow for easy access to stored dishes or appliances and have a soft close mechanism to prevent slamming when they are being closed.

PULL OUT TABLE

AyA's pull-out table is the perfect solution for small and challenging spaces or condos. The sturdy dining table seats 4 and folds to hide neatly into a drawer when not in use. The pull-out table is available in a variety of finishes and materials to suit your tastes and needs.

CORNER SOLUTIONS

Functional accessories that solve the challenges of hard to reach blind corners, such as the extraordinary magic corner, help to maximize space while minimizing the struggle to reach stored items. The swiveling and extending of these inserts makes otherwise dead corners functional and makes the items stored within easily reachable.

DRAWER ORGANIZERS

AyA offers a range of practical inserts for organizing and dividing drawer contents. Inserts can be used in utensil drawers with cutlery dividers, or can be used in larger cabinets for organizing dinner plates, soup bowls, etc.

WASTE & RECYCLING CENTRE

The perfect solution for stashing and separating house hold waste and recycling. The double bin pull out is easily removable for disposal as well as bin clean up and is neatly tucked behind the cabinetry with no indication of the contents.

ROLL-OUTS

Helping to maximize the kitchen's storage space, roll-outs are perfect for deep pantries or base cabinets, ensuring that food items don't get forgotten about in the back of the cabinet. They're also great for bringing heavier items out to where they can be more easily accessed.

PULL-OUTS

Perfect storage racks for spices and canned goods, pull out accessory cabinets allow for plentiful storage in smaller spaces, making all stored items easy to reach.

Pull-out pantries have customizable shelves that are sturdy and can be used at different heights.

AyA STYLES

From the timelessness of traditional design to cutting edge of modern design, AyA has a look that's perfect for you. AyA offers a range of products in four distinct styles: Urban, New Contemporary, Transitional and Classic. Each style allows freedom in creating that personalized living space to satisfy your needs. With a diverse range of door styles, materials and finishes we can help you create a kitchen that is stylish & functional.

URBAN

For the modern minimalist look in design, AyA's urban style features exotic woods, aluminum, sleek slab doors, and bold high gloss offerings in laminates or glass. The Urban style possibilities are endless and allows for experimentation in pairing different combinations. Make it your own and put your personal stamp of style on it. AyA's Urban style lends itself to be adventurous in creating a unique and personalized modern space.

TRANSITIONAL

Elegant in its simplicity, functional and timeless, the transitional style is at home in both traditional and contemporary settings. In AyA's transitional style you get the best of both worlds, think fusing the shaker tradition with contemporary materials and colours. Transitional balances the sleek and simple elements of contemporary design with an appreciation of a more formal classic aesthetic.

NEW CONTEMPORARY

The New Contemporary collection fits neatly between AyA's Urban and Transitional collections. As a middle ground between slab and shaker, this collection can be dressed up to lean more to the Transitional side, or it can be paired down to create a more minimal and modern feel. Refined rails create a visual focal point with understated elegance. AyA Kitchens has innovated an on trend middle ground with an extremely successful hybridization of these two styles.

CLASSIC

An elegance of both warm and richly finished wood combined with a sophistication of painted finished solid colours, AyA's Classic style features a lavish selection of oak, maple and cherry raised panel doors in a wide spectrum of stained, painted, glazed and other hand finishes. Our classic moulding, posts and ornamentation variety will be sure to enhance your kitchen space with a warm, old world charm.

Are your tastes more eclectic? AyA's styles have a flexibility for those who want to experiment with mixing between categories. Whether in a kitchen, living room, bathroom or closet the opportunity to experiment can produce a fresh and dynamic space. Free your imagination and use your creativity to work with AyA to design your own unique combination.
